

## **COMMUNITY STREET LISTING BY SECTION**

The community of Lake Dalecarlia is divided into five sections. A Section Representative elected by the property owners in each respective section serves on the Board of Directors. This representative is the first point of contact for each property owner. A sixth Section Representative, having oversight responsibility for all sections and serving as the Chairperson of the Section Representative Committee, is also on the Board of Directors. All property owners in the community elect this position.

Please contact your Section Representative with any questions, concerns or suggestions you may have or if you are interested in volunteering to help out in the Community. A list of streets associated with each section is included for your reference.
